

International TL Project Management & Water Supply Expert (m/f/d)

Terms of Reference

Timeframe of Assignment: Long-term consultancy position (55 man-months out of the 60 months project duration)

Location: Lira, Uganda

Project Stakeholder: Ministry of Water & Environment (MWE), Ministry of Health (MoH), Ministry of Education & Sports (MoES), Ministry of Gender, Labour and Social Development (MGLSD), and the National Water & Sewerage Corporation (NWSC)

Background:

The project will provide continued support to the rehabilitation and extension or new construction of water supply and sanitation facilities in Northern Uganda. This will be complemented by the implementation of CO2-neutral and climate-resilient water supply systems, as well as by the provision of WASH-facilities to schools.

General/ Responsibilities:

Will be the overall manager and guide of all three Components. Will have a water supply-related (design and supervision) experience background and have respective experience in team leading. The TL will be responsible for all coordination, project management, guiding and coordinating the specific experts (timely and their necessary input), provide strategic directions to the team in all tasks as well as for editing all reports. The TL will dispose of proven oral and written communication skills.

Qualification and Skills

- Preferably an MSc or equivalent in water, wastewater, hydraulic engineering, or equivalent;

General Professional Experience

- Profound experience in internationally funded projects including close stakeholder coordination;
- More than 10 years' overall working experience in the water/ wastewater sector;

Specific Professional Experience

- 5 years project management of similar internationally funded projects;
- 5 years' experience in the design and/or supervision of similar water supply/ sanitation projects;
- International expertise (i.e. outside his/her respective home country and region);
- Regional experience: working experience in sub-Saharan Africa, experience in Uganda is an advantage.
